

Re-arranged Face

Driller Killer

I feed on hate, that's why I create
The shit I do, instead of killing you
But gimme a reason... I'll
re-arrange your face.. mind.. life

In a split second I kick your arse
Make you bleed, leave scars
But gimme a reason... I'll
re-arrange your face.. mind.. life

My life's a mess n' I couldn't care less
I steal your breath and become your death
You gave me a reason...
