I went stumbling through the fog trying to find a reason for the things I told her

She woke up sunny side down and I was still thinking I was too proud to flip her over

Between the champagne hand jobs and the kissin' ass by everyone involved

Cocaine rich comes quick and that's why the small dicks have it all

So I'll meet you at the bottom if there really is one They always told me when you hit it you'll know it But I've been falling so long it's like gravity's gone and I'm just floatin'

Those little demons ain't the reasons for the bruises on your s oul you've been neglecting

You'll never lose your mind as long as your heart always remind s you where you left it

And don't ever let them make you feel like saying what you want is unbecoming

If you were supposed to watch your mouth all the time I doubt y our eyes would be above it

So I'll meet you at the bottom if there really is one They always told me when you hit it you'll know it But I've been falling so long it's like gravity's gone and I'm just floatin'

Between the champagne hand jobs and the kissing ass by everyone involved

What used to be is gone and what ought to be ought not to be so hard

So I'll meet you at the bottom if there really is one They always told me when you hit it you'll know it

But I've been falling so long it's like gravity's gone and I'm just floatin'

I've been falling so long it's like gravity's gone and I'm just floatin'

I've been falling too long it's like gravity's gone and I'm jus t floatin'
