

Find yourself an asshole  
Find yourself a door  
Ain't gonna fix your leaks for you  
Ain't gonna watch the store no more  
Every last string and gut ripped apart and divvied up  
My share, my share, my share, my share  
Trashman, trashman  
My share, my share  
Find yourself an asshole  
Knew you could afford  
Keep your hands out, cup cake  
Find yourself the door  
Every last string and gut ripped apart and divvied up  
My share, my share, my share, my share  
Trashman, trashman  
My share, my share  
Every last string and gut ripped apart and divvied up  
My share, my share, my share, my share  
Trashman, trashman  
My share, my share  
Trashman, trashman  
My share, my share  
My share, my share
