## Sermon

## **Drowning Pool**

Where was God when I needed a friend Where was God when I came to an end Where was God when I lost my mind Where was God when I couldn't find

Don't want to be up or down Don't want to be up or down Don't want to be up or down Don't want to be up or down

Where was love when I felt like hate Where was hate when I felt like love Where were you when you said you'd be there Where was the fear when I said I was scared

Don't want to be up or down Don't want to be up or down Don't want to be up or down Don't want to be up or down

Tell me what you believe I'll tell you what you should see I don't know who to trust My heart is filled with disgust

I CAN'T TAKE THIS!

Tell me what you believe I'll tell you what you should see I don't know who to trust My heart is filled with disgust (repeat)

Ladies and Gentlemen May I have your attention Are you ready for the joke Are you ready for the great deception

Tell me what you believe (C'MON) Tell me what you believe (C'MON) Tell me what you believe Tell me what you believe Tell me what you believe Tell me what you believe

"Ladies and Gentelmen Tell me what you belive"(reverse)
