

# Celebrate The Riot

Dubioza Kolektiv

Can't breath, heart attack, falling into coma  
Can't see light at the end of the tunnel  
One shock, two shock, starting to choke  
Looking for a way out, everywhere is locked  
Loosing my grip, no strength to rewire  
Admit defeat, is it time to retire?  
Hear no sound, is it blast of a bomb?  
Trying hard to figure out what is going on

Get up  
Pull it up

Keep on movin', leave paranoia  
Pressure's high, rage's taking over  
Make noise, right choice, stand by your brother  
All these years we were waiting for this hour  
Just move quick, get out of your cover  
Take a lead, no time to retire  
I hear it loud, call of the crowd  
Celebrate the riot  
Pull the government down

We celebrate the riot  
Now there is no return  
They're playing with the fire  
Gonna get burn, burn

Wait no longer, don't be quiet  
Are you gonna stay on this way to the bottom?  
Try hard, wild card, out from the gutter  
after all these years we are not undercover  
Riot police, has gathered outside  
Take a lead, cannot stop this flood  
I hear it loud, call of the crowd  
Celebrate the riot  
Pull the government down

We celebrate the riot  
Now there is no return  
They're playing with the fire  
Gonna get burn, burn
