

# Big Flame

Duffy

You got the sun  
You got the moon  
And stars  
You get to  
Light up my life  
Like  
A different spark  
And the sky  
Comes a live  
Like a neon sign  
It's the sun  
And the moon  
And the stars  
It's shine

Big flame  
You take control  
Burning up  
Like a fire  
Shake my soul  
Big flame  
You take control  
Burning up  
Like a fire  
Shake my soul

Fevered dreams  
When you're  
All alone  
Summer love  
In the park  
I feel so stone  
I got nothing to do  
On this afternoon  
Where I lie  
Crucified  
Making love to you

Ooh, ooh, big flame  
Ooh, ooh, big flame  
Ooh, ooh, big flame  
Burning up  
Like a fire  
Shake my soul
