

Everybody Wants A Little Something

Duke Special

I don't love you, everybody knows
Everybody knows
And I can't say I enjoy the feeling
I could leave, well, everybody goes
Everybody goes
And I won't say that is not appealing

But I don't wanna feel
What everybody feels
I've got more to lose
They're not significant
I don't care who's listening
They're not in my shoes

You know that...

Everybody wants a little something, something
Everybody wants a little something good

I don't get those pop and idol shows
Everybody knows
That the good things take a little longer
12 years on, the cracks begin to show
Scared you wanna go
But I hope that we're a little stronger

But I don't wanna feel
What everybody feels
I've got more to lose
They're not significant
I don't care who's listening
They're not in my shoes

You know that...

Everybody wants a little something, something
Everybody wants a little something good

I don't love you
I don't love you

Everybody wants a little something, something
Everybody wants a little something, something
Everybody wants a little something, something
Everybody wants a little something good

I don't love you
I don't love you
I don't love you
Half as much as I should
