

Don't Talk

Dune Rats

Why?

Everybody's gonna die
I don't ever wanna dream again
I don't ever wanna dream again
I don't care
I'm never gonna cut my hair
I don't ever wanna work again
I don't ever wanna work again

We don't like to talk
(If you're gonna, then you better go and do it)
We don't like to talk
(If you're gonna, then you better go and do it)
We don't like to talk

I'm in pain
And every day I go insane
I don't ever wanna speak again
I don't ever wanna speak again
So, I guess it's just a bit of blow
And I don't ever wanna sleep again
I don't ever wanna sleep

We don't like to talk
(If you're gonna, then you better go and do it)
We don't like to talk
(If you're gonna, then you better go and do it)
We don't like to talk
(If you're gonna, then you better go and do it)
We don't like to talk

(Like to talk)
And I (like to talk)
No, I (like to talk)
And I (like to talk)
No, I

I know you do it
I know you do it
I know you do it

You never know what you want
You never know what you want
You never know what you want
You never know what you want
