Oohh, Do-do do-do-do Da da da da da

Things that you used to say

Now take on different meanings you realise

Can't be to careful about the lines

Come on you know you're not so young

You cannot hide behind disguise

Listen to your own desire

Eyes like an angel So wise, don't lie You never felt like this before Fly like an angel So high this time You send your senses streaming free

Places you used to go
When you were young look different in the dark
Don't you worry it's O.K.
And maybe I can help you find your way
Tonight I think you will agree
Summer reason's run away

Eyes like an angel So wise, don't lie You never felt like this before Fly like an angel So high this time You've got your senses streaming free

Oh I hear your heart beating even faster now than mine
Now you know just what I mean.
So take your place among those twilight gleaming rivers that yo
u read
Give me reasons to believe

Eyes like an angel - so wise don't lie You never feel like this again Fly like an angel - so high this time You send my senses streaming free

Like an angel... da da da-da Like an angel... da da daa
