

Let's Get Together Soon

Dusty Springfield

When I'm away from you, boy
All I seem to do is cry
And then, when I see you, boy
My, how the time does fly
I don't know if you need and love me
The way I love and need you
I hope that we can be together soon
I hope that we can be together soon
I hope that we can be together soon
Real soon, Can you make it real soon

When I think about you, girl
Chills run up and down my spine
And if my wish would come true, girl
I'd be with you all the time
Wrong or right, day and night, I'm gonna miss you
And all my lonely heart seems to do

Is hope that we (maybe tomorrow) can be together soon
(I hope that we) I hope that we can be together soon
(maybe tomorrow) I feel that we can be together soon
But will you make it real soon (I can't wait)
Can you make it real (I can't wait) soon (I can't wait)

I hope that we can be together
I swear I can't wait any longer
Everyday my love grows stronger
