

Blag The Ripper

Dwarves

On the street in this town
All the meat hanging round
And I watch
And I watch
From my window
Oh but they don't know
Said they don't know
Yeah well they don't know
No they don't know
Life is just an open sore
Suffocation nothing more
Used to date the teenage queen
Did her upon her sweet sixteen
I'm Blag the ripper
Blag the ripper
Blag the ripper
I'm Blag the ripper
Girls are dying on my block
Needle marks inside their hearts
And where the highway roars
I totaled the local whores
I'm Blag the ripper
