

Go!

Dwarves

I know a place we go where no one knows and don't suppose so
It makes me feel alright and try to dyke, like every night, though

I've been in love affairs where no one cares and running scared
now

Why must I satisfy?

Oh why oh why can't I?

Fuck that bitch and go

Fuck that bitch and go

Fuck that bitch and go

Don't get your feelings hurt, now little squirt, you had to flirt, now

Why don't you let me do my thing for you, I'm coming to'

Fuck that bitch and go

Fuck that bitch and go

Fuck that bitch and go

Fuck that bitch, fuck that bitch and go!

Go!

You know that life's unfair

And I don't care

You must beware now

I know you're meaning to

But I'm all through

So why don't you just?

Fuck that bitch and go

Fuck that bitch and go

Fuck that bitch and go

Fuck that bitch and go

Fuck that bitch, fuck that bitch and go!

Go!
