

## Three Seconds

Dwarves

Three seconds is all I'm after  
Three seconds is all I crave  
Three seconds of pure disaster  
Two lips to blow me away

Three seconds of burning hellfire  
Three seconds to fall in love  
Three seconds and don't go slowly  
Three seconds is almost up

Three seconds of bump and grinding  
Three seconds of wasted youth  
Three seconds and no denying this thing that's coming to you

Three seconds of pain and pleasure  
Three seconds of morning light  
Three seconds--a chance at forever  
...or maybe for a Saturday night  
Three seconds...
