

Reflective Skull

DZ Deathrays

Come in my bedroom
And take up all of my
All my head room
You know where secrets lie

Anticipation
I don't want to die
Consideration
To where your secrets lie

She knows her secrets now
What's she gonna do?
Why won't you let her fall?
Right in front of you
You still have diamond eyes
Locking on to you
Look what you're wearing first
You felt so see-through

Yeah, yeah
Uh huh huh
Bad dudes can't keep away from
Yeah, yeah
Uh huh huh
Death forever

Reflective Skull {2x}

Jump through your bedroom
And make sure all of my
All my headroom
And let your secrets fly

Total elation
I don't want to
Incineration
Of where your secrets lie

She knows her secrets now
What's she gonna do?
Won't you let her fall?
Right in front of you
You still have diamond eyes
Locking on to you
Look what you're wearing first
You felt so see-through

Yeah, yeah
Uh huh huh
Bad dudes can't keep away from
Yeah, yeah
Uh huh huh
Death forever
