Make that booty earthquake let me see that shit shake  
Left cheek right cheek make it vibrate  
Breast meat thigh meat make it rotate  
Round and round like a merry-go-round, girate.  
She got it from her auntie n 'em it's in her genetics  
California face with a booty from Texas  
Turn a preacher to a cheater  
Brazillian wax beefer  
Think like peanut butter in the freezer  
Tricks wanna treat her  
Ballas wanna buy  
Captains wanna wipe her  
Dikes wanna dike her  
Jews bitches don't like her  
Got her own money, Got her own biz  
Got her own car, got her own crib  
She wanna be passified, she wanna be saved  
She wanna be rescued and captured laid and paid.  
She straight from the soil trapped the turf In her block  
She runnin the funk she got the Beaut in her locks

Yeah man she said this her song  
Everytime they play it it turns her on  
It's Friday night, she's out there freakin  
Work on the weekdays party on the weekend  
Ass be wigglin when she start drinkin  
Get too drunk girl then she start creepin  
Shake that ass but don't do it too frequent  
Bounce it real fast let me see those cheeks spin  
Now get butt naked if I want it I see I get it and take it  
With no strings attatched I meet girls at the club and I bring them back  
Let's make a lot of love, that's the plan,  
Spend the the night together but I'm not your man  
I got too many girls, I do em when I can  
Finger in her curls, hand in her pants  
(C'mon bitch)

Short, She got a future in her ass and I'm a fortune teller  
Cause I can see me up in her like a mirror  
Christi, Iree, Stella and Della  
Spin that ass around like a helicopter propeller  
Bitch I wanna see ya, Drop it like madea  
Some shit I never seen, do the splits like a balerina  
She can tip it over, let the meat roll  
Stop it on the dime, she got booty control

None of my girls can't fuck with this  
I don't even wanna see my other bitch  
A fat ass on a pink toe,  
The white girl let the booty grow I think so

I fuck with, señoritas and the black girls  
It's just another day in the max world  
I'm too short, I pimps and I plays them  
I don't give a fuck if she was Indian or Asian  
(Bitch)
