

# The Dude

E-dubblе

With a hand in my pocket, my jambox is knockin'  
Sixteen spitter, no quitter, I'm locked in  
Get away with murder, you're Cochran  
Who plays OJ? I call not him  
Not lifeless - biteless, no cockin'  
White verse is twisted like Top Spin  
Hope for the best, prep for that pop shit  
I'm unconscious, you're just mindless  
I'm mindful, rhyming on time  
It's appropriate when I yield to that dime  
I'm fine, she's fine, chug two beer steins  
Coitus sounds neat, leave clothes behind  
So nuts, my fresh is jammed up, bandana collection is straight up, ugh!  
I'm sick, I spit the bird flu  
Introduction time, you wanna meet this dude?

[Hook:]

Who are you? (What?)  
I'm the dude! (Who?)  
I'm the dude (What?)  
I'm a dude (Yeah?)  
I'm the dude home breezy, I spit it 'til it's lights out, if you feel the same,  
say it right now  
Who are you? (What?)  
I'm the dude! (Who?)  
I'm the dude (What?)  
I'm a dude (Yeah?)  
I'm the dude little lady, and I could be your dude  
If you feel the same, then you're cool

My bread's not sweet, I believe it's not butter  
But who the fuck cares, compared to no other  
Your shutter speed's slow, no flow, just stutters  
Put yourself next to me, I'm Scatman Crothers  
Bee-ba-doo-dop, call Sally Struthers  
You need a new job, you've blown you cover  
I'm after the thighs like Suzanne Somers  
To the point where the ladies try to break my rubbers, what?  
That unfortunate, my spit keeps burning, I'm scorching it  
This beat's had enough, yep, I tortured it  
About to go numb, that darn morphine drip  
Old school, my game got no rules  
Some food for thought, I got brain and whole foods  
Pro tools is how I pay dues  
Stay away from fakes, I don't drink the O'Douls

[Hook]

These brand new cats with these real cool beats  
Synthesize bass lines 'til they sound real mean  
I ain't hating homeboy, I can move my feet  
All I'm saying is I was chopping samples at sixteen  
With my Doctor sample, my 3-0-3  
Trust me, it didn't sound nothing like 3Oh!3  
Became a spitter when I couldn't find an MC  
Now I do it all, go hard, two cribs, no renting
