

## Hearts Are A Changing

E-Rotic

I want you to leave  
The party is over  
My mind is a thief  
My soul is all over  
Maybe someday I'll miss you  
Somewhere at night

Baby, hearts are a changing and love sometimes dies  
And we all have to listen to sad lullabies  
Baby, hearts are a changing, they follow the tide  
We keep feeling forever the pain so deep inside  
Hearts in the night

Our love was so true  
As deep as the ocean  
But shadows of blue  
They kept me in motion  
Don't ask me why it's over  
It's all I can say

Baby, hearts are a changing and love sometimes dies  
And we all have to listen to sad lullabies  
Baby, hearts are a changing, they follow the tide  
We keep feeling forever the pain so deep inside  
Hearts in the night

Baby, hearts are a changing and love sometimes dies  
And we all have to listen to sad lullabies  
Baby, hearts are a changing, they follow the tide  
We keep feeling forever the pain so deep inside  
Hearts in the night
