```
Oh girl, when you coming back to me Oh girl, when you coming back to me Oh girl, when you coming back to me
```

My hands are shaking and my mind is dry
You walked away from me honey and we both know why
What you don't know, what you don't see
That I was made for you and you were made for me
Can't stop thinking that I let you go
Laid it all on the line and nothing to show
I wanna throw you up, I wanna hear your voice
But when I push the button, my hands start shaking

```
You've got to save me, baby
Oh girl, when you coming back to me
```

My feet keep slipping as I hit the floor
And I don't know what it is I'm looking for
Tried to make it fast, you've got to take it slow
And before I knew it you were already gone
My hands are stinky and my mind is dry
You walked away from me honey and I don't know why
What you don't know, what you don't see
That I was made for you and you were made for me

```
You've got to save me, baby You've got to save me, baby
```

```
Oh girl, when you coming back to me Oh girl, when you coming back to me Oh girl, when you coming back to me
```

Oh girl
