Say goodbye to all your pain and sorrow Say goodbye to all those lonely nights Say goodbye to all your blue tomorrows Now you're standing in the light

I know sometimes you feel so helpless Sometimes you feel like you can't win Sometimes you feel so isolated You'll never have to feel that way again

You are not alone You're not alone

Never thought I'd find the road to freedom Never thought I'd see you smile again Never thought I'd have the chance to tell you That I will always be your friend

You are not alone You're not alone
