

One Time

Earthsuit

Follow me down the road to the realms of the rhyme
People of the rock come and rock one time
When we bring the sound, you know the light of God shine
People of the rock come and rock one time

Anyone thirst there's plenty of new wine
People of the rock come and rock one time
Make me feel so fine all of but all the time
People of the rock and the Father to come and fill us

One time, one time
One time, one time, one time

Everybody body get your hands up
And grab for more new wine
That's falling more than you can stand up
Got the vision for the rough terrain desolate the sane
Lord, hit me one time, infiltrate the mind

Everybody, everybody, body, body
Everybody, body, body
Everybody, body, body
It's a one time shot

Father, come and fill us one time, one time
Father, come and fill us

Smoke from the wick, yesterday burnt the candle
Daily shots are all than I can handle I see you've gone blind
You want to find the philosophies of the Pla-to man
But you can't because it's a spectacle

Everybody, everybody, body, body
Everybody, body, body
Everybody, body, body
It's a one time shot

Do re mi fa so la ti, do ti la so fa me re do
I warm up my tongue to engage in a lyrical war
Now I'm ready to go so I reckon the second
I'm decking and checking and wrecking the mic yo

I've got the kingdom of darkness talking that I am a psycho
Earth suit is in the house, so figure out what the deal is
I'm gripping the mic and I'm flipping it right
And you've got to get ready to hear this

I promise to tell the truth, the whole truth
Nothing but the truth, funkmounth to bootcha

The Father to come and fill us one time
