

## Ghetto

East 17

Ghetto love thang, makes my heart swing  
(Ghetto booty come on)

From the street, a ghetto booty  
She is seen around the way  
Little cutey, a body so fine  
Got me feening  
I love it

But I know that she is the one for me  
I love her  
Let's spend our lives in harmony

She's my lover and she's my friend  
I want to be with her 'til the very end  
'Cause my life was filled with emptiness  
She brings me joy  
Let me do the rest

Ghetto booty come on
