

Let It All Go

East 17

Let it all go, let it all go (4x)

Twisting turning with your body Easy Feel free And then go a little crazy Never slip and slide Take it easy Move and glide Take you on a little ride Onto a dancehall vibe Here we go with the flow Let your love go Brother Don't smother Your lover Cause I'm going under cover What's going on in this world today As I lay on my bed I pray Oh, by the way

E17 ah yes here we go Sounds of the bass Now go with the flow Free your mind your body and Soul And let the music take control Let it all go, let it all go Let it all go To a tempo roll and rumble Never tumble Cause you know I never stumble Cool and humble I buzz you like a bumble bee

Let it all go, let it all go (4x)
Let it all go, let it all go, we're gonna rock ya,
we're gonna rock ya (4x)
