May I Go

Econoline Crush

I don't wanna take her, but she makes me
She knows that she's mine
I don't wanna fake it, but I know what i know
It makes me blind

May I go
I gotta save me sometime
May I go
I gotta save me sometime

I don't wanna wake up in the mornin'
Wonderin' if I did right
I don't wanna wake up and baby
you're crying

(You're crying)

May I go
I Gotta save me some time
(You're crying)
May I go
I gotta save me some time
(You're crying) x4

Now I don't wanna miss it baby
If your world needs mine
I just wanna make it something
that You would like

Stay I know
I can make it all right
(No crying)
Stay I know
I can make it all right

(No crying) x2
Make it all right
(No crying)
