

# Something In My Eye

Ed Harcourt

Spider has eight legs you know  
Spins its web the patterns flow

There's something in my eye  
Bloodshot in disguise  
God knows I really tried  
Making the big time  
Aiming to climb high

Scattered seeds can't fight the cold  
Circus horse just wants to hold

There's something in my eye  
Bloodshot in disguise  
God knows I'm really tired  
Let's make the big time  
Aiming to climb high
