Don't Be Bashful Little Girl

Eddie Cochran

Don't be bashful little girl, won't-won't you say hello Don't you see me lookin' at the one I could love so Woh-woh-won't you let me hold your hand Try-y--y to steal a kiss or two Maybe-baby, little baby maybe we could fall in love Like I'm fallin' in love with you

Don't be bashful little girl, you look so all alone Let me be the one tonight, the one to take you home Woh-woh-won't you let me hold your hand Try-y-y to steal a kiss or two And maybe-baby, little baby maybe we could fall in love Like I'm fallin' in love with you Like I'm fallin' in love with you Like I'm fallin' in love with you
