

# Hooray For Weekend

Eddie Cochran

I'm gonna call my friends and get 'em here right away  
Well now there's Bud & Joe & Jim & John & Hank & also Ray  
Oh the weekend's here, looks like a swingin' day  
The surf is up and were leavin' right away  
Well we jumped in the woody, it's ten after ten  
Well a-hooray, I said a-hooray, hooray for week-end

Well a-here we are but it's dowdy and it's grey  
The surf is down man, it's not so good today  
Oh the day is young, look overthere; thataway!  
Our band is here and they're just about to play  
Now we danced all day till sundown set in  
Well a-hooray, I said a-hooray, hooray for week-end

The day is over and we'll soon be on our way  
We'll wait till tomorrow, for it's another day  
Our boards need wax, but look overthere; thataway!  
The band is back and they're just about to play  
We kicked off our shoes and stomped around once again  
Well a-hooray, I said a-hooray, hooray for week-end  
Hooray for week-end
