

Never

Eddie Cochran

Never, I know I'll never, oh ever grow tired of you
Oh never, I know I'll never, oh ever stop loving you
And you will never have to cry
'Cause I will never make you blue
And there will never be a cloud
To keep the sun from shining through
Oh never, I know I'll never, oh ever stop loving you
And if someone should ever try
To take me from your love and charms
They'd only be the one to cry
'Cause I would never leave your arms
Oh never, I know I'll never, oh ever stop loving you
Never...
