

Leave it to me

Eddie Money

Baby blue what are you going through
I heard some things, I hope they aren't all true
When things get tough just keep on looking up
And if you need some help now girl
You know what to do

Leave it to me, I'll be in your corner
Leave it to me, 'cause I'll be there
And I'm gonna see that you get what you want
Get what you need if you leave it to me

Baby blue hey what's scaring you
When you're alone it's hard to fight off the wolves
It ain't no joke, if you're losing hope
And then you find there's no one, you can turn to

You can leave it to me, when the winds grow colder
I'm gonna see that you're safe and warm, leave it to me
You take my shoulder and get what you need
If you leave it to me

Leave it to me, I'll be in your corner
Leave it to me, 'cause I'll be there
And I'm gonna see that you get what you want
Get what you need if you leave it to me

You can leave it to me, when the winds grow colder
I'm gonna see that you're safe and warm, leave it to me
You take my shoulder and get what you need
If you leave it to me
