

Nobody knows

Eddie Money

Gee, it's great now to see you
How are you and him getting by?
Why is it hard for you to look me in the eye?

Ooh, the dress that you're wearing
Really looks terrific on you
Does he really know how well I know you, too?

But nobody knows
Nobody knows you like I do
And you know it's true
'Cause the people 'round you
Got too much to do
And nobody knows you like me

Nobody knows (Nobody knows)

Tell me, how are you feeling
Dealing with society?
With your diamond rings, your third trip to Paris
C'est la vie

'Cause now you're back in my arms again
If only for a minute or two
Give me one last chance, yeah, one more dance with you

Well, nobody knows
Nobody knows you like I do
And nobody cares, nobody sees
Nobody knows you like me

No-no-nobody knows
Nobody knows you like I do
And you know it's true
'Cause the people 'round you
Got too much to do
And nobody knows you like me

Nobody knows (nobody knows)
You like I do
Can't you see, can't you see now?

Nobody knows
Nobody knows you like I do
Babe, you know it's true
Nobody cares, nobody sees
No-no-no-nobody

Nobody knows
Nobody knows you like I do
Girl, you know it's true
'Cause the people 'round you
Got too much to do
Nobody knows you like me

No, no, no
'Cause the people 'round you

They got too much to do
And nobody knows you like me

Nobody knows, nobody sees
Nobody knows you like me

Well, your trips to Paris
Well, they don't impress me
Nobody knows you like me

Nobody knows, nobody sees
(No, I said no, nobody)
Nobody knows you like me
(I said no, nobody)
Nobody knows, nobody sees
