

## Tell Me Now

Eden's Bridge

Was it a case of mistaken identity A shot in the dark where I missed and found you? Was it a case of my studied indifference Being so easy for you to see through?

O Lord, tell me now

I thought I could blame it on youthful exuberance An overexcitement for something all new But as I moved on on this wandering pathway I tested your words and I found they were true.

O Lord, tell me now

I know I belong (I will call them my people) I know that you choose me (This is my covenant with them) I know it's no accident (Now we are near Him) And that's all that I need to know

O Lord, tell me now.
