

## Dead Reckoning

Eels

Flying through the dark  
Dead reckoning  
My gages can't be trusted  
Can't see a goddamn thing

I know the day is coming  
That catches up with me  
I told you you're no match  
But then who could be

Thought we were the lonely type  
On an island of the lost  
But it was only me  
Because you got lost

I can't change you  
I can't change anyone
