

## Over And Under

Egypt Central

I know you'll be there  
To see the tables turning  
Wake up tomorrow  
And watch the bridges burning

I can see  
I can see it in your eyes  
I can feel  
I can feel it in my mind  
I don't care  
I don't care if you realize  
What you see  
What you see in my eyes

I'm over me being under you  
I'm breaking free I'm breaking through  
I've overcome all I'm underneath  
I can finally stand  
I can finally breathe

Remember when we  
First had the thought of living  
A perfect picture  
But I did all the giving  
Gave up my passions  
To try to make you happy  
The joke is over  
And I'll do all the laughing

I can see  
I can see it in your eyes  
I can feel  
I can feel it in my mind  
I don't care  
I don't care if you realize  
What you see  
What you see in my eyes

I'm over me being under you  
I'm breaking free I'm breaking through  
I've overcome all I'm underneath  
I can finally stand  
I can finally breathe  
I can breathe
