

Another Race

Eiffel 65

It's another race from outer space.
it's another race away, away.
it's another race from outer space.
it's another race away, away.

They seem to walk on air,
and they act pretty strange.
they live around us,
but you can't recognize them
we can't communicate.
with they're one way brain.
no matter how you try,
you just won't understand them.

It's another race from outer space.
it's another race away, away.
it's another race from outer space.
it's another race away, away.

And they think they got it made,
they're right, but they're wrong.
and they try to use our words
but it's a lie.
