

I Don't Wanna Lose

Eiffel 65

Space house of black house of lights
House of moise you've never heard
Full of vacuum and crowded of shadows

Space like a watch with no time
Like a book without an end
An equation and thousands solutions

I don't wanna lose my belief now ,
That space
Somewhere has a limit beyond
What I see and what I breathe
I live

I don't wanna lose my belief now
That space
Somewhere has an end and beyond
Who knows what we
Will find out there
Somewhere

Space house of black house of lights
House of moise you've never heard
Full of vacuum and crowded of shadows

Space like a watch with no time
Like a book without an end
An equation and thousands solutions

I don't wanna lose...
