

# Losing You

Eiffel 65

Can't get over losing you,  
And so I'm tired.  
I just can't get over losing you.  
And so I can't get over losing you.  
I just can't get,  
Can't get over losing you.  
Can't get,  
I just Can't get over losing you.  
And I just  
And I don't care!  
What I'm missing is you,  
You...  
Can't get over losing you,

And so I'm tired.  
I just can't get over losing you.  
And so I can't get over losing you.  
I just can't get,  
Can't get over losing you.  
Can't get,  
I just Can't get over losing you.  
And I Just  
Can't get over losing you,  
And so I'm tired.  
I just can't get over losing you.  
And so I can't get over losing you.  
I just can't get,  
Can't get over losing you.  
Can't get,  
I just Can't get over losing you.  
And I Just  
Can't get...

I lost the count now of how many letters,  
I've wrote from here.  
And I lost the count now of how many days,  
I've been away from home.  
I remember the time that you asked me,  
What was right or wrong  
And I don't care,  
What I'm missing is you.  
You  
Can't get...

I lost the count now of how many letters,  
I've wrote from here.  
And I lost the count now of how many days,  
I've been away from home.  
I remember the time that you asked me,  
What was right or wrong  
And I don't care,  
What I'm missing is you.  
You  
Can't get...
