

Currents

Eisley

I would part the waters if you said so
I would shift the currents if you had to row
I would part the waters if you said so
I would shift the currents if you had to row

Do you believe in fate, Baby
Ask me, ask me
Do you fly in the day, Darlin'
Take me, shake me

If I look closer, holler, it's out there
Breathe close and deep, Darlin', it's our nightmare

Do you believe in fate, Baby
Ask me, ask me
Do you fly in the day Darlin'
Take me, shake me

I'm slight before light, grab me and take flight

I would part the waters
I would part the waters
I would part the waters
I would part the waters

Do you believe in fate, Baby
Ask me, ask me
Do you fly in the day Darlin'
Take me, shake me

I'm slight before light, grab me and take

Do you believe in fate, Baby
Ask me, ask me
