

Find Me Here

Eisley

I'm a watchtower in the morning
Waiting for the sun to rise
I've got riverbeds in my eyes
I'm a bonfire on a hillside
The wind whistles sharp through my teeth,
I've been burning oil, walking the streets
and I'm crying, I'm crying

Oh Love, find me here
Oh Love, I'm buried near

It's a long drive, and it's summer
I don't know what you want from me
All I want is to be set free
Oh, I'm trying

Oh Love, find me here
Oh Love, I'm buried near
Oh Love, turn every stone
Oh Love, won't dream alone

Sleep, I want your love
My mind is slipping, won't slip away

Oh Love, find me here
Oh Love, I'm buried near
Oh Love, turn every stone
Oh Love, won't dream alone

I'm a watchtower in the morning
