

# Somebody Loves You

El DeBarge

I see you; you've got your head down low  
Betcha you've been crying all night long.  
Well I came to tell ya baby, you don't have to cry no more  
Hold your head up high; wipe those tears from your eyes

[Chorus:]

(Don't you know) Somebody loves you  
(And they care) So much about you  
(I don't think) Nobody loves you as much as I do  
(No baby not as much as I do baby, ohhhh)

I know you think you're all alone  
No one to care or call your own  
But keep your head up high my friend  
Cuz one day you're gonna win  
Just stand up tall and keep your head to the sky

[Chorus (Repeat)]

Last night down on my knees I prayed  
Wanna win wanna win  
More than just material things  
If I could help someone who's lost on their way  
Let them know somebody loves them somebody cares...hey hey hey yeah, whooo

Ohhh ahh oh ahh

Somebody sing it

[Chorus (Repeat 4x)]

Somebody somebody somebody loves you, whooo

[Chorus]

Hold your head up high to the sky  
Never fear, God is here, love is here, never fear  
Hold your head up high to the sky  
Never fear somebody somebody somebody somebody loooves you...whoo  
Hold your head up high to the sky  
Never fear, God is here, love is here, never fear  
Hold your head up high to the sky  
Never fear  
Somebody somebody somebody somebody looooves you  
Hold your head up high to the sky  
Never fear, love is here  
Hold your head up high to the sky  
Nooo, ooohh  
Hold your head up, never fear  
Somebody somebody somebody somebody loooves you
