Do you think that if you were falling in space That you would slow down after a while Or go faster and faster?

Faster and faster

For a long time you wouldn't feel anything

Then you would burst into fire forever

And the angel's won't help you 'cause they've all gone away

Un, dos, un, dos, tres, quatro

I saw this kid walking down the street I was like wait  $\ensuremath{\text{I}}$ 

Bumped into this kid I knew, he often would walk strange So I ignored the blood on his laces so this cat could save face The dunks and the gaze stayed in an off gray haze And the lump in his pocket talked to the ox that he clutched safe

So I saluted him there, waiting for the A Trapped on the empty platform without the option to escape Gave him the standard, yo, what up man, how you landin'? And the hypnotized response was no surprise, I maintain

Yeah, we all do, that's the standardized refrain but on some Really real man, good to see you, really, what the dealy deal? Oops, f\*\*k, screwed the pooch, asked too much, knew the truth On the train now, a caboose in his brain now, no recluse

80 blocks to uptown spot, destination vocal booth Metro-card like, you get what you pay for stupid, no excuse He pulled his hoody off his cabbage rugged practical And began to fancy the words I mistakenly jostled loose

The stogie he brazenly lit where he sit looked legit
But when the flame touched to the tip I could smell it's of another nit
He leaned his head back and inhaled the newpie dip and said
"The whole design got my mind cryin' if I'm lyin' I'm dyin', shit"

This is the sound of what you don't know killing you This is the sound of what you don't believe still true This is the sound of what you don't want still in you TPC motherf\*\*ker, cop a feel or two

This is the sound of what you don't know killing you This is the sound of what you don't believe still true This is the sound of what you don't want still in you TPC motherf\*\*ker, cop a feel or two

The whole design got my mind cryin'
The whole design got my mind cryin' if I'm lyin' I'm dyin'
Dyin', I'm flyin', the same line, no disguise, guy, I'm bent up
Know the sky's high by coincidence and I'm tied blind insignificant
To the ground function I'm Munsoned, it's the dreaded 7/10 split again

The medic made it out to be, epidemic shaded wow for me Evidence of pressures mounting, residential shroud, King's County Brotherhood of the working wounded, wounded working city unit Taking out the trash and strappin' in, let's get it movin', stupid

Many men make moves more useless
Use abuse quick, losers, juiceless
Bitch, either speak the truth or you leave toothless
Two fists of the furiously ruthless
Justice for my very own amusement with no regard for the conclusion

I swagger with rats tappin' the glass in a Gov. lab Pass me the gloves, mask and flask of the cheapest liquor you have In the back of the Tasmanian path, insane again laughin' Cacklin' at the randomness of the city and all its facts

The dark art of interrogation agent skippin' class
And at last in a flash on my tip toes walkin' on cracked glass
Gats blast and wiz by fast or just catch in my calves like hold that
In other words, I'm trash, glad you asked

This is the sound of what you don't know killing you This is the sound of what you don't believe still true This is the sound of what you don't want still in you TPC motherf\*\*ker, cop a feel or two
