

Seventy - Nine

Elán

Hot summer so long ago
I have to find her at all
How she could take me so fast
I should have known at last
She was so free as the wind
I've been a fool in my sin
You'll never should try to possess
This is my true confess

End of seventy - nine
I just saw her eyes and they don't be live
End of seventy - nine
I just stayed all night
And she wouldn't please
Than in several weeks
I was beating me
I have no time
Was too busy to try
Now she got another guy

Now I'm so sad and alone
Never should need her, no more
I had to see she's the one
My only chance is gone
She was so free as the wind
I've been a fool in my sin
You'll never should try to possess
This is my true confess

End of seventy - nine...
Yes, in the end of...

Seventy - nine
She caused, make me smile
And get me a laugh
End of seventy - nine
Yes, I could to hide
Being so smart
Than in several weeks
I will stand to me
I have no time
I was, she shouldn't may
Suddenly it's too late
