

## Amber Fields

Elane

Moments so calm  
Seen in the past  
In our embrace  
You've always promised me

To stand by me  
Forevermore  
To hold me here  
To new day's dawn

Follow me  
Through amber fields

All alone  
A secret song  
Follow me  
Through amber fields

See me smile  
Through silent tears  
You can be sure  
I'll always be near
