

# King Of The Universe

Electric Light Orchestra

It's all making me ready  
It's all doing what you gotta do  
I know "A"  
I see my life come shine

Golden sunrise  
Tragic day dream  
I am so afraid --

King of the Universe, Are you King of the Earth  
King of the Universe, Are you King of the Sky  
King of the Universe, Are you King of the Sky
