

It Gets Hot

Electric Six

(Who got the hose?)

(Who got the fire?)

(It's like a loop machine.)

That sound that you were looking for,
Ain't nothing like this sound,
Better turn your car around.

That life that you were looking for,
Is burning to the ground,
Gonna have to hose it down.

That weird kid is blowing up and selling energy,
And every sucker's showing up, they hang in effigy.
Destroying all the evidence with a flesh-eating foam,
In the time it takes to take you home I could have gone back home.

It gets hot,
(It gets us so hot)
We hit a little spot,
(I hit you in the spot)
I get the urge a lot,
(To show you what I got)
But probably not.

Boom baby! (Tonight!)
Burn baby!
Boom baby! (Tonight!)
Burn baby!
Boom burn fire! (Tonight!)
Boom burn fire!
Who got the hose?
Who got the hose?
Who got the hose?

It gets hot.
(You know it's hot) Hot!
(It's gonna be like ohh) Hot!
(yeah, heat me all night long, yeah, c'mon baby) Hot!

Bodies bouncing on the floor,
Everybody gettin' wild,
Gonna show my dirty style.
You better show me what that body's for,
You're born to beguile,
Hit the volume on your dial.
Yeah, the dime is dropping on ya,
And the devil's droppin in,
And your big, big baby Jesus,
He gonna die for all your sin,
Now they're ripping off your bandages,
You're never sitting still,
You got no sense of common sense,
You got no sense to kill

It gets hot,
(It gets us so hot)
We hit a little spot,
(I hit you in the spot)
I get the urge a lot,
(To show you what I got)
But probably not.

Boom baby! (Tonight!)
Burn baby!
Boom baby! (Tonight!)
Burn baby!
Boom burn fire! (Tonight!)
Boom burn fire!
Who got the hose?
Who got the hose?
Who got the hose?
Who got the hose?
It gets hot!

I got the hose if you wanna take it out for me, girl,
You look hot,
When you're on your knees,
I beg please,
I need your flame to cook.
(Hot!)
Like Randy, I'm Andy,
Tonight this town will burn
(Hot!)
Stop, drop and roll wi' me,
You gotta learn.

It gets hot,
(It gets us so hot)
We hit a little spot,
(I hit you in the spot)
I get the urge a lot,
(To show you what I got)
But probably not.

(Tonight) Shoot the flame,
(Tonight) Hot,
(Tonight) Hot,
Shoot the flame,
Shoot the flame,
Shoot the flamethrower, everybody gets a turn,
We got so many fire safety lessons left to learn,
Everybody up in here lining up to burn,
You got a hot sticky venomous kiss,
I like it like this,
I'm likin what you got,
Cause it's hot,
Hot,
Hot.
