

Taxi to Nowhere

Electric Six

I ride a taxi
To nowhere
And as soon as I get out I'm gonna be alone

I'm in the back seat
Dying
I can't remember anything at all
Except the day that you left me
Argh!
Except the day that you left me
Alone to die
Waah!

It's the tuxedo I'm wearing
That gets me where I want to go
It's the illusion of money that brings me home

I ride a taxi
To nowhere
A taxi
To nowhere
And as soon as I get out I'm gonna be alone.
