Make It Happen

Sometimes we find ourselves Looking for something new We stand outside ourselves Not knowing quite what we should do

I am in debt to you (Woo) I owe respect to you But you've got to learn it's gonna turn Into neglect for you

And though You caught me naked I didn't enjoy it In fact I regret it

Let's make it happen Why can't you understand? I am a fraction A part of a broken man

I hope you understand It's part of my action plan To bury you in the sand The tides gonna turn

When will you learn To stop hiding inside yourself I bet you wish you were someone else Tell me when will you learn

The day's getting longer And you're getting common sense So get right down off that fence Ain't it time that you turned

And though You got me thinking You could be faking Your ego's inflated and I'm sick of waiting

Let's make it happen Why can't you understand? I am a fraction I am a broken man

I am a broken man

Let's make it happen Why can't you understand? I am a fraction A part of a broken man

My soul is in rapture If only we could hold on Let's cause a reaction Jisteno Z WWW. typeZ Just Tike You know we should
