

All Things New

Elevation Worship

Peace be still, You are near
There's nowhere we can go
That You won't shine redemption's light
Our guilt withdrawn
As You rise, we come alive
The grave has lost, the old is gone
And You're making all things new
You are making all things new
You are making all things new
And we are free
Hope is found, You are here
Our hearts forever sealed
By this love that came for us
Now we are Yours
As You rise, we come alive
And You're making all things new
You are making all things new
You are making all things new
And we are free
And You're making all things new
You are making all things new
God you're making all things new
And we are free
Your love never ending
Your grace never failing
Redemption is calling us home
Your love never ending
Your grace never failing
Redemption is calling us home
And You're making all things new
You are making all things new
You are making all things new
And we are free
And You're making all things new
You are making all things new
You are making all things new
And we are free
And You're making all things new
You are making all things new
You are making all things new
And we are free
