

Only Love

Elevation Worship

[Verse 1:]

We're not too far gone
Our generation
Is crying out for hope
This moment is ours
We are running
Your heart is calling us

[Pre-Chorus:]

People of God rise
The kingdom's at hand
These walls are crashing down

[Chorus:]

Only love
Your love in us has power to change the world
The darkness is shaking
Only You
Can raise us up to bring hope to the world
Your light is breaking
Your love in us is how we change the world

[Verse 2:]

Take all that we are
Our hands are open
Our lives are for You, Lord
We'll see Your glory
As hearts awaken
Release Your power in us

[Bridge:]

Let us see through Your eyes and
Lay at Your feet
All our pride and say
We believe love has come to
Save the world
