

The Love Of Jesus

Elevation Worship

By His wounds we are healed
By His stripes we're made whole
Body broken for us
For our sin to atone
Holy is the Lord Almighty

Perfect Lamb that was slain
Once for all to redeem
Perfect love took our place
Now forever we'll sing
Holy is the Lord Almighty

Oh the love of Jesus
Oh the love of Jesus
Oh the love of Jesus
Is enough for me
Is enough for me

Author of all my hope
Keeper of all my days
Jesus You go before
Your grace has made a way
Holy is the Lord Almighty

Oh the love of Jesus
Oh the love of Jesus
Oh the love of Jesus
Is enough for me

Your strength in my weakness
Your word lights my darkness
Your peace everlasting
Singing holy, holy is our God
Singing holy, holy is our God

Your strength in my weakness
Your word lights my darkness
Your peace everlasting
Singing holy, holy is our God
Singing holy, holy is our God
Singing holy, holy is our God
Singing holy, holy is our God

Oh the love of Jesus
Oh the love of Jesus
Oh the love of Jesus
Is enough for me
[x2]

Your strength in my weakness
Your word lights my darkness
Your peace everlasting
Singing holy, holy is our God
Singing holy, holy is our God
Singing holy, holy is our God
