

# Like Young

Ella Fitzgerald

I'm out doin' the usual places  
And I'm livin' it, like young  
Then I dig me this face of all faces  
He's the craziest, like young

He drinks coffee at Cafe Espresso  
He reads Kerouac, like young  
He goes where all the angry young men go  
Recites poetry, like young

We start blowin' the pad around lovin'  
And we're homin' it, like now  
We spin records on cloud number seven  
And he's reachin' me, like wow

I'm all unstrung 'cause, man  
He's got me feelin' like young  
If he were to brush me and go  
I'm starting to wear my hair again  
Like a square again

I keep gettin' the kookiest notion  
I think maybe it's like love  
I've been feelin' a crazy emotion  
I think, baby, it's like love

Now we're ridin' a rainbow to Cloudsville  
And we're makin' it like young  
Love soft as April snow  
Love warm as candle glow  
Love, love is easy to go

I'm all unstrung 'cause, man  
He's got me feelin' like young  
Without him I'm no good at all  
Without him I'm less than a decimal

I keep gettin' the kookiest notion  
I think maybe it's like love  
I've been feelin' a crazy emotion  
I think, baby, it's like love

Now we're ridin' a rainbow to Cloudsville or Wowsville  
We're makin' it, makin' it like, like, like young
