

# All I Want Is Him

Elle Varner

It's gonna cut so deep,  
so low  
and I'm about to say  
I'm not in love with you  
and I,

I know it's selfish of me  
to be leaving you this way  
but I can't stay  
I thought he didn't  
but he's still got a hold on me  
And I'm not the type to stay somewhere I don't wanna be,

Baby  
I won't forget you and  
I don't regret you  
But all I want is him  
All I want is him  
Now  
All I want is him  
Now that he's gone, gone, gone

Damn, cold world  
I never thought I see that day that you're my old girl  
Now I'm stuck here hollering at old girl  
Got one, got two, three four girls  
Shotgun in the drop made a right  
Hut one, hut two, told them hoes take a hike  
Then it's on to the next one, on, on to the next one  
Hard to move on when you always regret one

Baby  
I won't forget you  
and I don't regret you  
But all I want is him  
All I want is him  
Now  
All I want is him (now)  
Now that he's gone, gone, gone

At best, all they do is distract me  
But now, deep down, when I face it

All I want is you  
All I want is you (now)  
All I want is you now  
Sugar  
Now that you're gone, gone, gone  
All I want is you (mhm)  
All I want is you (now)  
All I want is you now (sugar)  
Now that you're gone, gone, gone, gone, gone

Cause they don't smile  
Or smell like you  
No they don't make me laugh  
Or even cook like you

And they don't photograph  
Nah, they don't sex like you  
Let's face it, I can't replace it  
That's why all I want is you now...

That's why  
All I want is you now (mhhm)  
All I want is you now (yeah)  
All I want is you now (sugar)  
Now that you're gone, gone, gone, gone  
Now that you're gone, gone, gone, gone  
You know that you're gone (I want you back)  
Now that you're gone, gone, gone, gone
